1. INTRODUCTION

1.1 Motivations

Nowadays in many marriages, there are too many difficulties to manage the wedding arrangements. In modern era, there are too much functions of wedding. Therefore, it is very difficult for any person to check all the wedding arrangements. Due to huge competition between vendor like wedding halls, decorators and beauty salon. People are double minded to select a perfect wedding plan in a reasonable budget so we thought that there should be a single platform, which provide a best wedding arrangements without mental disturbance.
