GRATITUDE TO ALLAH ALMIGHTY

We pay our special gratitude to Allah Almighty who is sole owner of this universe who helped us whenever we prayed for His assistance who has blessed us with what we were looking to accomplish and helped us out by holding our hands during hurdles. We thank for what we have achieved and consider each and everything as a gift from him through the element of luck cannot be ruled out. But Allah provided us the faith and determination to grasp the opportunity for the completion of a successful project.

DEDICATION

To our beloved Grandparents **Ch.Sain Muhammad,Gul Nawaz Hashmi (late), Altaf Hussain Bhatti(Late)** and our parents because of their continued support throughout our life and degree and only because of their prayers and love we have achieved all what we have.

FINAL APPROVAL

Panel of Examiners

1. Head of Department
Department of Computer Science
UMT, Lahore

2. Program Director (Final Year Projects)
Department of Computer Science
UMT, Lahore

3. Supervisor
Department of Computer Science
UMT, Lahore

Project Title: Result Management System

Objective: To make an online portal which will be able to evaluate results of the students as for faculty to Post activities of the particular course

Undertaken by: Rao Faizan Ali

Supervised by: Rao Faizan Ali

Starting date: March, 2016

Completion Date: October, 2016

Tools Used: PHP Storm, Xamp, MySQL

Operation system: Windows 10

ACKNOWLEDGEMENT

We would like to express our insightful feelings of gratitude and convey thanks to everybody who helped us and supported us throughout this project. In the first place, We would like to express a profound feelings of appreciation to Respected *SIR RAO FAIZAN* for helping, controlling, supporting our ideas and for permitting us to do something the way we love all through our final year project. We pay special thanks to the sir for giving an incredible climate that made a difference to complete distinctive sections of this project. To wrap things up, we would like to thank the UMT family for their steady and persistent backing towards us and for their unprejudiced affection for us. We might likewise want to thank our companions, without them this undertaking would have not been conceivable.

ABSTRACT

The project aims to make result management system it will be used by educational institutes including students, faculty and administrators, so that that they can view results and other functionalities online from where ever they are. The project has facilities for registration of faculty, addition of courses, registration of students, announcements of activities like quizzes, assignments, midterms, and final terms and also posting of results of the particular activities mentioned above, result submission, general announcements and result viewing etc. from the majority of students, advisors & teachers. The users of the system are the students who can use the online result management system for viewing their results and the administrator who can use the interface to roll out improvements to the basic database such as updating the records of advisors and teachers in the online database and advisor who can assign courses to the teachers which they hay to teach to the students.

This portal will help users to edit records, uploading and creating assignment respectively and will be seen by students. They will also be getting new announcements and other important information about the courses this portal provides all the basic features of the result management system, and can be deployed in any university, College, School or any educational institute for result management and other professional purposes. The Portal "Result Management System" is providing all the necessary option, functions & functionalities which are required and should have to be in any result management system. Moreover the parents can also view the results of their children this will help them to conveniently learn about the grades of their children, this will also help the parents to get rid of continuous Parent Teacher meetings We hope this will make a difference in the management of result and provide ease for the Faculty as well as the students of the particular department.

1. REVISION CHART

This chart contains a history of this document's revisions. The entries below are provided solely for the illustration purpose. Those entries should be deleted until the revision they refer to have actually been created.

The document itself should be stored in revision control, and brief description of each version should be entered in the Revision Control System. A brief description can be repeated in this section. Revisions need not to be describe elsewhere in the document, unless they explain the document.
