Acknowledgement

At first I would like to thank the merciful Allah Almighty for providing us enough strength and patience throughout the project and enable me to complete this project. I would like to thank all those who gave me helping hand in completing this project. I want to thank my Project Supervisor **Maam Emman Farooq** for helping me whenever I needed it. I am very thankful to my friends who have also supported me in my project. I want to thank all of them for their help, support and interest.

Project Title:

Biometric Attendance System

Objective:

The main objective of our system to finish the register system, to reduce overtime cost, to increase employee morale, to reduce the proxy system, count the short attendance and show the list of all attendances throughout the month.

Undertaken by:

Maam Emman Farooq.

Supervised by

Maam Emman Farooq

Starting Date**Completion Date****Tools Used:**

Netbeans, Oracle, finger print device

Operating System:

Window 8, Window 7, Window xp, Window vista, Window 10.

Abstract

This project has made to replace the old attendance system on papers with a new system that uses modern technology that will provide assistance to the employees to take attendance easily with thumbprint.it will stop the proxy system and it will manage data automatically.it will make the employee punctual.
