DEDICATION

This thesis is dedicated to my beloved PARENTS & BROTHERS “S \$ N”

For their love, endless support, and encouragement.

AND

Especially to those poor souls, who survived just to protect their identities rooted deep in their land.

ACKNOWLEDGMENT

I would like to take this opportunity to express my heartfelt gratitude to all those who helped me to make my thesis work a success. First and foremost I would like to thank ALMIGHTY who has provided me the strength to do justice to my work and contribute my best to it so that it has turned out to be a successful venue.

I express my sincere and whole hearted thanks, to my thesis supervisors, DEPARTMENT OF ARCHITECTURE AND PLANNING, UNIVERSITY OF MANAGEMENT AND TECHNOLOGY, for their regular advice, magnitude of dynamic and tiresome guidance, suggestion and encouragement throughout the course of present research.

ABSTRACT

LOST AND FOUND

Traditions represent a critical piece of our culture. They help form the structure and foundation of our families and our society. They remind us that we are part of a history that defines our past, shapes who we are today and who we are likely to become. Once we ignore the meaning of our traditions, we're in danger of damaging the underpinning of our identity.
