ACKNOWLEDGMENT

This project is dedicated to my parents who have a big part in what I am and what I have achieved in my life. I am also cordially thankful to all my teachers who helped me throughout the project and were a great mentors.

ABSTRACT

Pashtuns have centuries old history and rich heritage. The aim of the project is to provide a platform to bring awareness about the cultural heritage of Pashtuns and for the preservation of the heritage.

The other aim of the project is to highlight the softer image of Pashtun, which has previously been damaged by the constant war in the region since the last three decades. It will also help in the promotion and monetization of local artisans and craftsmen as they can polish their skills at the arts institute as well as they will directly deal with the customers without any dealers.

Every cultural event will be held in the amphitheater, which will help in promoting the culture and help in upholding our cultural identity. The world has become a global village and if any culture that has not preserved its heritage will perish to it. So all the efforts were to restore and preserve Pashtun culture.

Chapter 1

Introduction

1.1. Title:

Tribal Heritage Museum

1.2. Project statement:

A heritage museum that will not only help in creating a softer image of Pashtuns but also fostering peace and developing cultural identity.

1.3. Introduction:

As a nation going through war since last 3 decades, Pashtuns have suffered a lot in every aspect of life; economically, culturally as well as mentally. They have become the scapegoat of poor politics in the region. As a result there's an anti-Pashtun sentiment among people. They are considered extremists and savages. People usually associate them with bombs and guns. The youth are having identity crises as they know very little about their values and culture.

Now, as the war has almost finished, there is a strong need for cultural heritage museum. It will not only boost the economy of the region by attracting tourists, but be the cultural hub of the region, having a strong cultural influence.
