## **ACKNOWLEDGEMENTS**

It would be merely day dreaming to write my M.Phil dissertation without the help and support of the people around me, to only some of whom it is possible to give particular mention here.

Special thanks to Almighty Allah for giving me strength to complete my thesis successfully. Without His mercy, I would never be able to do anything.

First and Foremost in mankind, I would like to express my sincere gratitude to my supervisor Dr. Amjad Waheed for his buttress to my study and research, for his patience, motivation and immense knowledge. His guidance helped me throughout the research and writing of my work. I could not have imagined having a better supervisor and mentor for my study.

Besides my supervisor, I would like to thank University of Management and Technology for providing me the opportunity to brush up my skills and resources too without which I may not be able to achieve my goals successfully. Especially library and IPC staff remained very supportive whenever I needed their help.

My sincere thanks also go to Mr. Ashfaq Hussain (works at admission office UMT, Lahore Campus) for his selfless efforts in this regard.

Last but not the least, I would like to thank my family; especially my father Haji Muhammad Yaseen who not only financially but also spiritually supported me throughout my life. It is he who fulfilled all the responsibilities of being an ideal father and my brothers i.e. Muhammad Jameel and Muhammad Siddiq who are like a shade and guide for me which saves me from facing critical circumstances. Sometimes I horrified from the work load of my thesis but they always helped me a lot in keeping my moral high.

For any errors or inadequacies that may be left in this work, of course, the responsibility is entirely my own.

**Amina**

## **DEDICATION**

To my dear Husband Muhammad Iqbal who has made my life not less than heaven. He always refreshes my brain with his nice sense of humor. I always found him besides me in frantic moments. Indeed, he was integral in this breakthrough.
